

PROFILE

I'm a final year BSc Computer Science student at Nelson Mandela University. I'm looking to join a company that will allow me to continue learning and grow into the software engineer I have always dreamt of becoming. I have 1 & a half years of experience in web development and 3 months of experience in android development.

With my inquisitive nature, I'm always looking to enhance the knowledge I've acquired by taking extra educational material so I can upskill myself.

I have a strong work ethic, I'm always willing to learn and can quickly pick up on new technologies. With no doubt, I'd be an asset in any team or environment I'm in.

SKILLS & TECH STACK

Full Stack Development

Android development

C#

Java

JavaFX

JavaScript

ReactJs

ASP.NET MVC

HTML & CSS

ExpressJs

NodeJs

MongoDB

SQL

Bootstrap

NPM

EXPERIENCE

Nelson Mandela University - Student Assistant

Mar 2020 - Jan 2021

Responsibilities:

- Assist first year students with their programming fundamentals and computer fundamentals practicals
- Mark first year programming practicals

PROJECTS

Varsitdeals

- Varsitdeals is a safe online platform that facilitates the trade of books, accessories, stationery amongst students from all universities/colleges across South Africa.
- I worked as a backed developer while this platform was built using ExpressJs, MongoDB, ReactJs

Instagram clone

- I built a front end instagram clone using ReactJs and material ui.

DEvConnect

- DEvConnect is a MERN stack social media application. It allows developers to create a profile/portfolio, share posts and get help from other developers.
- The application was built using ReactJs, ExpressJs, MongoDB, Nodejs and it includes user authentication and allows developers to sign up and login.

YelpCamp

- While learning NodeJs, ExpressJs and MongoDB, I built a web application that allows users to add, find and comment on campgrounds. The web application includes passport authentication and allows users to sign up and log in.

EDUCATION

Nelson Mandela University

Feb 2018 - Present

Bsc Computer Science

Mida School

2017

Matriculated
